

LEGISLATIVE SESSION SHOWN TO BE FAILURE

Governor Will Have to Issue a New Proclamation to Empower Lawmakers to Pass Needed Bills.

MEMBERS ARE BECOMING EXTREMELY ARGUMENTATIVE

SACRAMENTO, Nov. 20.—After convening in extra session for two days, it has developed that the proper financial relief legislation and the rehabilitation of the courts on special holidays cannot be enacted by the legislature under the present call of Governor Gillett and that a supplementary proclamation must be issued, according to the conclusions arrived at late tonight by a sub-committee of the senate judiciary committee.

Following the meeting of the assembly committee on judiciary today with leading financiers and lawyers of the state on the "holiday" question, which was in session the entire afternoon without accomplishing anything, a sub-committee of the senate judiciary committee tonight took up the same problem, apparently no different of solution. Two hours were consumed in arguments with a hopeless divergence of opinion, then it was discovered by Judge Holtz of the San Francisco Bar association that legislation was being attempted that was inhibited by the governor's call.

The trial of a case in court is a judicial act, the filing of a writ of attachment or issuing an execution is a ministerial act. The legislature is endeavoring to pass measures starting the judicial machinery of the courts on holidays, but prohibit ministerial acts, or all monetary transactions on such days for the better protection of banks—debtors and creditors alike, such as writs of attachment and executions of judgment. The governor's proclamation contains only the words "judicial acts" in the call for legislation for the courts. The sub-committee, of which Senator Curtin is chairman, decided that the omission of the word "ministerial" prevents the legislature from passing a bill affording the proper relief and protection. A motion was adopted to report to the general judiciary committee tomorrow morning that a supplementary call is necessary and recommended that the committee ascertain the situation and require the governor to call a second session at once, including in the proclamation, legislation for "ministerial acts" as well as "judicial acts." Should the governor see the matter in this light the holiday question will be dropped until the second session convenes.

Some doubt is being expressed by members of both houses that the legislature will finish its work this week. SACRAMENTO, Nov. 20.—Financial legislation to afford relief in the present stringency ascribed largely to alleged imperfections in the banking laws of the state and the methods employed by banking institutions in conducting their business and a special legislative investigation of the banks and banking laws of the state, occupied the time of the two houses of the legislature today.

Senator Leavitt introduced a concurrent resolution in the morning session of the upper house providing for a special legislative committee to thoroughly investigate the existing bank laws and the conditions of conduct of business, and Assemblyman Held of Anderson presented a similar resolution in the lower house with Mr. Anderson making it a companion measure to Senator Leavitt's resolution. The committee is to consist of three members of each house to be appointed by the president of the senate and speaker of the assembly respectively, and to report to the next regular legislature.

When Senator Leavitt's resolution came up as a special order of business in the afternoon session of the senate, it provoked the fiercest argument of the session. Senator Stanford and Sanford, both Democrats, strongly attacked the measure on the ground it would "cause more unrest in the public mind," and "create a still greater distrust in the banks" at a time when the public was already losing faith in these institutions, if their methods of doing business was laid bare in all details. He wanted to know if the financial stringency in the East was due to the defective bank laws in California.

"The financial stringency is due," declared he, "to the monetary laws inaugurated by the Republican party and the country and the millionaire Senate in Washington." (Amplified) moved that the resolution be referred to the judiciary committee. This was strongly opposed by Leavitt who wanted it adopted at once.

A tie vote resulted, but the motion was lost by Senator Lukens casting his vote against it. The latter afterwards said he believed he had made a mistake, but could not get reconsideration. Senator Sanford then moved that the entire preamble of the resolution be stricken out, declaring that the part would create great distrust in the state and perhaps intensify the stringency. He defended the banks and declared that the money in them was safe.

Senator Willis of San Bernardino charged Sanford and Caminetti with insincerity and declared that they had convicted themselves of partisanship and doing politics.

"Every person in the state who has money in the banks knows he can't get it," said he. He maintained that this condition was principally due to tax banking methods, and imperfection in the banking laws.

Senator Caminetti wanted to know "what the banking commission is doing on which you have taken good care

STATE SETTLEMENT MUST BE MADE AT THE USUAL TIME SAYS NYE

SACRAMENTO, Cal., Nov. 20.—State Controller Nye announces that county treasurers must settle with him at the usual time to the extent of tax collections made to that date. Subsequently when the holiday extension shall have elapsed, a secondary and final settlement of the first installment of taxes will be in order.

had gone over it thoroughly before he presented it, Caminetti explained. He also wanted to know what it was voting upon. Instead of being rushed through the resolution provoked a debate of two hours, which was precious time lost.

Are all "Miscreants?" The problem of affecting the banks have proved knotty for the senate. They have been unwilling to accept anybody's word for anything. The Missouri instinct being strongly manifested. Attorney General Wolfe has been on hand to expound the law but his sagacity has been shown in vain. Every legislator has demanded to have the bill shown. Nobody is taking orders, for the fact that the bill is on the scene. Expedition is sorely in need of the herders.

The difficulty is that the lawmakers were summoned here without an opportunity to prepare themselves. They have had the intricacies of the financial situation hurled at them. They have felt that they might easily do more harm than good, and wanted time to think things out. It might have been well if the proposed measures had been sent to them in advance so that they could have had an opportunity of doing some thinking before they came to Sacramento. This plan worked admirably with the special session following the San Francisco disaster. The senate had been thoroughly informed beforehand of the proposed legislation and were thus prepared to act with dispatch.

WALSH DEFRAUDED OTHERS THAN BANK

Defense Is That His Stock Was Sold to Many at the Rate at Which He Credited Himself.

CHICAGO, Nov. 20.—The evidence tending to show that bonds of the Walsh railroad were sold to various purchasers at practically the figures which they were accepted by the Chicago National bank as collateral on notes was brought out in the cross-examination of National Bank Examiner Moxey in the Walsh trial this afternoon. Ten sales aggregating \$522,000 were given over and identified by Moxey and admitted by the defense.

The direct examination of Mr. Moxey was finished early this afternoon after he had testified to entries purporting to show the withdrawal of Walsh of \$630,000 in a single day in January, 1905, and that notes bearing his signature, amounting to \$644,000, had been discounted on that day.

Moxey's testimony seemingly showed that during the month of January Walsh drew out of the bank \$965,000, and that a corresponding sum was involved in notes or the sales of bonds of his other enterprises.

GOLDFIELD WILL COIN BAR MONEY

If Law Will Permit It, a Local Currency Will Soon Be in Use By Those in District.

GOLDFIELD, Nev., Nov. 20.—If a plan now under consideration by W. D. Bowler, manager of the Nevada Goldfield Reduction Works, is carried out, Goldfield will soon have a circulating medium which will relieve to a great extent the scarcity of real money, with which the camp is afflicted. The plan is to take the bullion produced by the mills, melt it into bars and stamp thereon the value, which will be used as money.

The question of the legality of the plan and its possible conflict with the currency laws of the land is now being investigated. At present the three reduction works of the camp, the Nevada Goldfield, the Combination and the Kinkead mills are turning out about \$5000 a day, but this amount could easily be quadrupled by running on one of a higher grade. At the rate of \$20,000 a day the camp could produce \$600,000 a month in gold. James R. Davis of the Round Mountain mining company, has agreed to put the bullion from that mill into circulation in the same way, providing the plan is found to be feasible. This would add from \$30,000 to \$50,000 a month to the amount available.

Speaker Cannon in Wreck. Danville, Ill., Nov. 20.—Speaker Joseph Cannon was in a railroad wreck at Blomark today but escaped injury. Train No. 14 of the Chicago and Eastern Illinois railroad ran into an open switch, derailing two cars. In one of which Speaker Cannon was riding. None of the passengers or trainmen were injured.

Pope Postpones Consistory. ROME, Nov. 20.—The Pope has postponed his intention to postpone until January the consistory which was to take place the middle of December. Nothing definite is known regarding the creation of new cardinals.

BANKS TIGHT WITH THEIR MONEY

Want Assurance from Government That Purchase Price of Bonds Will Be Deposited.

CLAIM THEY SEND COIN TO INTERIOR

Institutions Are Also Said to Hope That Small Investors Will Buy Certificates and So Give Up Their Hoarded Coin.

NEW YORK, Nov. 20.—The government's issue of \$100,000,000 in treasury certificates of indebtedness commencing today to engross the attention of New York bankers, who apparently have not reached a definite decision as to the course they shall pursue. The subscriptions so far received at the local sub-treasury seem to indicate that the larger banks in this city are withholding their offers of purchases. The sub-treasury officials are not disposed to make public the amount of subscriptions received there during the past three days, saying they are merely acting as transmitting agents for the Treasury Department at Washington to which point the offers are being forwarded as fast as they come in.

The fact that the banks are holding off for time being has led to the more or less definite report that the heads of the larger banks are desirous of obtaining some sort of assurance from Washington that the money paid out here for the purchase of the new securities will be left on deposit in local institutions.

The currency premium varied between 2-1/4 and 2-1/2 during most of today's negotiations, but fell to 2-1/4 at the close of the day. With the price of currency ruling at these figures, it was said, the banks could not see their way clear to purchase the certificates of indebtedness under any other arrangement than the return of the purchase money on deposit in this city. The money shipments from New York to the interior have been quite heavy recently and the banks are anxious to continue this means of assistance to the general financial situation. The advance in the price of currency today attributed to the demands from the interior for pay roll purposes. The calls came yesterday from New England, but today they were more general and came from nearly every section of the country.

The approach of the week end always enlivens the demand for ready money. There has been a syndicate in operation here for some time, the members of which are said to be the treasury certificates forthcoming from the associated banks of this city such as has been intimated since Monday, unless it be in the fact that several large loans were called in today. The revival of the reports today of the possibility of a favorable outcome to the negotiations of an American loan in France, with the treasury certificates as a basis has strengthened the rumor of an association bid from New York bankers, the government securities when obtained, to be so arranged that they may be considered as collateral for gold loans under the rules of the Bank of France.

Some of the New York banks are said to be holding off in the matter of subscriptions so as to give the small investors with hoarded savings a chance to put in their claims and thus draw into circulation the money for which the certificates were largely designed. Nearly all of the larger banks here have received orders from customers to make purchases of certificates for their accounts. The purchases are to be made out of deposits already in hand, however, and are not bringing new money into the market.

IS BOOMING BELL FOR SENATORSHIP

Hope Springs Eternal in the Democratic Breast of Senator Sanford of Mendocino.

WOLFE DOES NOT WANT STATE JOB

Governor Gillett Has Given No Intimation of Who He Is Likely to Appoint to Place.

SACRAMENTO, Nov. 20.—State Senator Ed Wolfe of San Francisco says that he does not want the railroad commissioner's place, made vacant by the resignation of Andy Wilson. It has generally been expected that the statesman from the bay whom Harris wanted nominated for the place by the State Cruz convention, was to receive the appointment from the Governor. It was in front of the Capital Hotel that Wolfe was approached by a senator from the interior and con gratulated. "Not far from me, I won't take it," was his answer.

Meanwhile the Governor asserts that he has given no consideration to the appointment of a successor to Wilson. He is on record as having promised to select a "rattling good man," but he is going to take his time in making the selection. He says that he will not begin to look over the list of eligibles until after the legislature has adjourned.

HE STOLE SPOONS FROM RAILROADS

SANTA BARBARA, Cal., Nov. 20.—R. A. Hunter, who claims Chicago as a place of residence, was arrested here today on a charge of larceny. Hunter had in his possession a bundle containing 138 silver spoons and forks, all having the Southern Pacific monogram, and a quantity of personal property which is believed to have been stolen from coast line trains.

6000 PASSENGERS STRANDED BECAUSE OF INDIAN STRIKE

CALCUTTA, Nov. 20.—Traffic on the East India Railway, 2,155 miles long and the second largest line in India, is rapidly becoming paralyzed by a strike. The trouble originated with the engineers, who are almost entirely European, and yesterday and today great numbers of natives ho' longing to the traffic stuff joined. The most important section of the road from Calcutta to Allahabad is practically tied up and already six thousand passengers are stranded at Asanod, Benauli, the Junction of the East Indian and Bengal-Nagpur railroads, where the strikers are threatening violence. Engineers are leaving their trains at remote sections and in some cases driving off their locomotives, and leaving the cars. The strikers complain of over work and poor pay.

Launching Jap Cruiser.

TOKIO, Nov. 20.—The armored Cruiser Ikumi was launched at Kure tomorrow morning in the presence of Prince Fushimi. The Ikumi is the first Japanese vessel built entirely of materials produced at home. It has been completed within six months after the keel was laid. The dimensions of the new vessel are: Length, 160 feet; beam, 25 feet. Its engines will develop 22,500 horse power.

CONGRESSMEN ARE BACK FROM PANAMA

Chairman of Committee Says Arrangements for Comfort of Employees Are of the Best.

NEW YORK, Nov. 20.—Eighteen members of the committee on appropriations of the National House of Representatives, who have been on a tour of inspection of the Panama canal zone, returned home today on the steamer Colon.

Chairman Tawney of the committee said the committee found everything on the canal progressing in a most satisfactory way. He believes, however, as a result of the inspection that the appropriation for the coming year will be at least \$1,000,000 less than the \$2,000,000 asked for in the estimate.

"I visited the canal," said Senator Tawney, "and found the engineering work, the mechanical and electrical work, the work of the hospitals and looked into everything in connection with the service in the zone. We found that the employees were being paid 50 per cent more than at home. At the same time the government furnishes quarters for them, rooms for the single men and houses for the married men. We looked into their sanitary conditions and found that everything that could be desired. The work is progressing satisfactorily."

IS BOOMING BELL FOR SENATORSHIP

Hope Springs Eternal in the Democratic Breast of Senator Sanford of Mendocino.

WOLFE DOES NOT WANT STATE JOB

Governor Gillett Has Given No Intimation of Who He Is Likely to Appoint to Place.

(Special to the Republican.) SACRAMENTO, Nov. 20.—Senator Sanford of Mendocino, valiant Democratic warrior, says Governor Gillett is yielding a big stick over the legislative and of course says he is really as willing as the bludgeon in the upper house and of course says that it is the railroad machine that is running things.

Sanford thinks that California ought to send Theodore A. Hill to the United States senate to succeed Perkins. He believes that the Democrats might capture the next legislature with the aid of the magical money of Hill. He admits that hope springs eternal with him and that of can be counted on to assail a storm wall every time he is called on, if it be in the cause of the Bourbons.

Sanford has grown stronger as political factor since his defeat for the governorship. Sanford explains: "My ideal is to have the Democratic party declare itself for United States senator. That would help to bring about the election of Democratic representatives in the legislature."

Foot Billiard Playing.

MANUFACTURERS TRIED TO CORRUPT GOMPERS

Sensation Created at Federation of Labor By Declaration of President That Attempt Was Made to Bribe Him.

SUPPOSED AGENT MAKES DENIAL; PROMISES COUNTER SENSATION

WRITER DENIES ANY BRIBERY

NEW YORK, Nov. 20.—Through a misunderstanding, president of the National Institute of Immigration and a magazine writer, said tonight that he was the man referred to by President Gompers of the American Federation of Labor in Norfolk today declared that one "Charles Brandenberg," a newspaper man, attempted to bribe him to take part in an "exposure" of other Federation leaders.

In a statement dictated tonight Mr. Brandenberg emphatically denied that he had attempted to bribe Gompers. He also stated that he had no connection with the National Manufacturers' association and that his dealings with Gompers were solely in the interests of a publication which he represented. He himself, he said, had been the intended victim of a plot that had failed. He declared that Gompers' statement had been an effort to forestall the effect of what he knew was about to be published.

Brandenberg's statement in part follows: "I have been collecting for a magazine, data on the conduct of the American Federation of Labor by Samuel Gompers, and certain others of its principal officers since its organization. The material has gradually grown into what will be a great sensation when it is disclosed. Gompers has made an effort to forestall this. For months I and my men have been tracked by spies, and Mr. Gompers felt sure that I had a sufficiency of material to make a serious charge against him."

The statement continued to the effect that a party visited Mr. Brandenberg at the Hotel Victoria where he was stopping and attempted to buy him off. The offer he declined, he said, as he had been an effort to forestall the publication since he began his investigations. The caller said that he was open to a counter proposition. "This party," Brandenberg says, "offered to assist me in the publication of my material. I told him that I was about to leave for the South and that I would communicate with him as soon as I had anything to say. Various communications passed between us up to October 25th. On that date Mr. Gompers came to New York to meet me. We then together discussed a proposition. I am not connected with the National Manufacturers' association, but I was a friend of labor union men and was later taken up by them as the parties who are principally interested."

"James W. Van Cleave," president of the Manufacturers' association, was in the city the day after the meeting at the Hotel Victoria, but I did not know it. While Mr. Gompers and I were conducting discussions and I was endeavoring to get legal counsel, my men in the Hotel Victoria found that there was a plot to kill me on my way to the city. I successfully evaded and called all negotiations with Mr. Gompers off before the matter was even put before the officers of the Manufacturers' association. Mr. Gompers wished to know what I had secured in the way of material in the South and in order to mislead him I gave him a fictitious typewritten page incomplete and unsigned. This is the paper which he has read and dramatized."

"There is not a scintilla of truth in anything published or which can be published by the National Association of Manufacturers or their hirelings which in any way reflects on the integrity of the men who are the honestly of myself, and I have the abiding faith that they cannot be so of any member of the executive council of the American Federation of Labor. I defy my enemies to show the contrary."

After a long consideration of the jurisdictional fight between the International Longshoremen and the International Seamen, the Federation adopted a resolution providing that longshoremen shall be known officially only as the International Longshoremen's association, with the remainder of the name "Marine & Transport Workers" adopted by the Longshoremen, omitted.

President Gompers answered in detail the charges and reflections in the speech with these words: "There is not a scintilla of truth in anything published or which can be published by the National Association of Manufacturers or their hirelings which in any way reflects on the integrity of the men who are the honestly of myself, and I have the abiding faith that they cannot be so of any member of the executive council of the American Federation of Labor. I defy my enemies to show the contrary."

After a long consideration of the jurisdictional fight between the International Longshoremen and the International Seamen, the Federation adopted a resolution providing that longshoremen shall be known officially only as the International Longshoremen's association, with the remainder of the name "Marine & Transport Workers" adopted by the Longshoremen, omitted.

CONSPIRACY TO KILL WALKER IS CHARGED

Many Prominent Citizens of Colorado Are Said to Be Implicated in Crime.

DURANGO, Colo., Nov. 20.—Many prominent citizens of the state are said to be arrested and charged with conspiracy to murder Joseph A. Walker, secret service agent, who was killed at the Heperia mine in that county on Sunday, November 22.

The sheriff and his force, aided by a large force of secret service men, are drawing the net closely about all who had any connection with the murder and the arrests, that will follow, will produce a sensation all over the state. The arrests of Mason and Vanderweide, the latter admitting that he fired the shot that killed Walker, are out on bail. It is understood that the county authorities will furnish them to the full extent of the law.

The trial of the men charged with the killing of Walker will necessarily fall upon the local authorities of Durango. A large number of anonymous threatening letters have been sent out to citizens of Durango who have taken an active interest in the Walker case, advising them to leave the state if they do not continue their efforts to locate the parties responsible for the killing.

TO HOLD PROHIBITION CONVENTION IN OHIO

PHILADELPHIA, Nov. 20.—The national convention for the selection of the presidential nominee of the Prohibition party will be held in Columbus, Ohio, during the first week of June, 1908. That fact was announced at the meeting of the party in this city today.

Fifteen hundred and eighty delegates and alternates will attend, the ratio being one delegate and one alternate for each one hundred votes cast for Jacob Sawdlov for president in 1904.

Charles R. Jones of Chicago was elected chairman of the National committee with G. H. Caldwell of Minneapolis, president and J. W. Switzer of Indianapolis, treasurer. The National Prohibitionist was endorsed as the official organ of the party.

50 CENT EGGS

You may feed grains alone until doomsday and you will never get many of them. To get the best results it is just as necessary to feed a scientifically balanced ration to fowls as to any other stock. Many so-called "poultry foods" and "egg-makers" are nothing but stimulants and not advisable to be fed regularly. But you must supplement grains with some highly-nitrogenous food, rich in protein, to keep the hen in good health, build up her system and furnish her with the material for making eggs.

EGG-MORE

Is just this and nothing else. It is not a strong tonic and stimulant but contains enough condiments to give the food relish and keep the fowls in fine fettle. Just a little fed daily with good grains, or even with bran, will do it. It can be fed either dry or as a mash. The hens like it, they eat it, there is no waste. It makes the very cheapest Egg Food, especially if you can buy your grains at home cheaper than to ship them in. The cost is but a very small per cent of the increased egg production. Give your fowls good care and a little Egg-More each day, and they will certainly give you more eggs.

WHAT MADE PRISONER INSANE

Letters Introduced in Evidence
In the Bradley Murder Trial
Including That of a Rival.

ANOTHER WOMAN MADE
LOVE TO THE SENATOR

Accused Found Missive In His
Room But Short Time Before
She Shot Man Who Refused
to Keep His Agreement.

WASHINGTON, Nov. 20.—That Mrs. Bradley did not come to Washington with any intention of killing Senator Arthur Brown of Utah and that she did not even remember shooting him, she told the jury in her trial today. The statement was not reached until the afternoon session of court, the first half of the day being given largely to the identification of letters from Mr. Brown to Mrs. Bradley and from her to him, very few of which were read. The real tragedy formed the subject of the afternoon sitting. At that time Judge Powers brought out the full statement in his examination in chief. This consisted only a few minutes, and as soon as he concluded, District Attorney Baker entered upon his cross examination. He devoted comparatively little attention to the shooting itself but, going back to the early days of the relationship between Senator Brown and Mrs. Bradley, sought to show by reading letters and questioning the witness that she had deliberately undertaken to break up Senator Brown's home and that she was at enmity with Mrs. Brown as early as 1901. He also brought out the fact that Mrs. Bradley and Mrs. Brown had originally been strong friends and that this friendship even extended beyond the time of the birth of Mrs. Bradley's first child by Brown.

Mrs. Bradley composed. Mrs. Bradley was upon the whole more composed today than yesterday. There were times when she burst into tears or sank into sighs and sobs, but these were infrequent, and on Tuesday, her voice was hoarse, at all times indistinct and faltering and she was heard with the greatest difficulty. She made no complaint of fatigue today and left the witness stand at the end of the day in good condition. She was dressed in the same simple black gown she has worn since the beginning of the trial and as before it was relieved only by a bit of white lace about the throat.

The fact that upon first going to Senator Brown's room at the Raleigh hotel, Mrs. Bradley found there a letter from Mrs. Annie Adams, the actress, to the Senator, was well upon at some point in the evidence, making it evident that it is his intention to attempt to show that the "discovery" of this letter supplied the immediate motive for the killing of Brown.

That letter was read at length by Mr. Baker and was to the effect: "Saturday afternoon, Dec. 1, 1906. 'My Darling, my dear: The world seems to have taken on another hue because perchance I have not heard from you, which annoys me so much. I am sure you are very busy, and I think your idea of leaving there must be given up. I wonder if you will come over as I passed—holts and bars would seem the proper thing. Poor little child, soul who can't see better results than from a more dignified procedure and give what courage and strength it contains for continued onslaughts. I wish the winter were over. I do hope you can arrange a change of date for engagement mentioned but do not worry more than necessary. What is to be and what must be will in the end be as they tell us. I shall not be in the bill week after next, and they say for five or six weeks, or until Boston, and may stay in New York or where I please; will keep it confidential for a moment or two. General Conditions
Reports are coming from stations on the Gulf and Atlantic coast. The high pressure central over the Great Lakes yesterday has moved eastward to the middle Atlantic slope, accompanied by cloudy, cool weather. The disturbance central over the southern Rocky mountains yesterday has moved eastward and has developed into a severe storm, with its center now overlying Kansas and Arkansas. An area of local rains covers the lower Missouri, the lower Mississippi and the valleys of the Pacific coast. During the past twenty-four hours on the Pacific slope from San Francisco northward also over the northern Rocky mountains and Minnesota. The pressure is increasing over California, and rain is falling along the Pacific coast from San Francisco northward. Conditions are favorable for cloudy weather at Fresno and vicinity tonight and Thursday.

TAKE BACK YOUR SCRAP SING MINSTREL MEN

They Don't Want Money Looking Like a Souvenir Post Card Collection as They Go from City to City.

The clearing house scrip which is circulating through the country is getting to be a serious matter with the theatrical troupes, not because the money is not worth as much as gold, but because the travelling shows would have a collection of currency in a few days which would resemble a souvenir postal card collection.

The scrip is all right as a general rule inside the state, but when you get toward the east the people want their own particular kind of cash. San Francisco and Los Angeles don't care to mix their money, so the lot of the actor man is not so easy these days of "shipmasters."

Managers of the "Owl" are against a hard proposition to pay off the currency, which is being taken in Fresno for the coming weeks. He will try to settle by buying a draft on the next city at which they play, which will enable them to get "in" of the realm for the time being, when the draft performance will have to be repeated to get money ahead of them.

MORAL EDUCATION WILL BE THE THEME

W. C. T. U. Will Meet This Afternoon to Hear Papers and Discussions.

The regular meeting of the W. C. T. U., under the auspices of the department of moral education, will be held this afternoon at 2:30 o'clock at the residence of Mrs. Blaney, 820 O street. The program is announced as follows:

Devotional exercises, conducted by Mrs. W. H. Smith.

"The Effect of Total Abstinence on a Life," (second prize county temperance essay), by Mrs. C. Stanford.

Instrumental solo, Miss Alpha Loper.

Talk on "Moral Education," Mrs. R. T. Seaton.

Paper, "Effects of Misdirected Reading," Mrs. A. N. Loper.

Instrumental solo, Miss Bessie Blaney.

A social hour will be enjoyed at the close of the program. Teachers and mothers of primary school children are invited to be present.

IN THE LODGE ROOM.

Fraternal Brotherhood
The Fraternal Brotherhood held an open meeting last night at Einstein hall, to which friends were invited, and at which a very good time was had by all. A large crowd attended. The evening was pleasantly spent with a program, literary and musical, followed by dancing and refreshments.

No business was transacted, at all last night, the whole of the time being devoted to the social feature.

Danish Brotherhood
A meeting of the Danish Brotherhood was held last night at Odd Fellows' hall, after a short business session to transact routine matters, Rev. Jespersen of Washington delivered a lecture, which proved of great interest to the members of the lodge. He talked on many subjects of general interest. Afterward a dance was held.

It was decided last night to give a masquerade ball on the 18th of January next, as one of the big entertainments of the lodge for the year.

Rebels
The Rebels, at a meeting last night in Odd Fellows' hall, presented Dr. Master Worth of San Francisco and his wife, both of whom are now on a visit to the lodge. They will be at dinner tonight, with a set of silver spoons, as a token of the regard in which the two are held by the Fresno lodge. Afterwards, refreshments were served, and the evening passed in social enjoyment.

At the business session seven new applicants' names were accepted. They were: Philip Roberts, Miss Ethel Young, Mrs. Amelia Perry, Charles H. Perry, Mrs. H. Kolan, Mrs. Edna B. Curtis and Miss Eva Wertz.

SAN JOSE WANTS NEXT TRANS-MISSISSIPPI CONGRESS MEETING.

MUSKOGEE, I. T., Nov. 20.—Thos. P. Gore, the blind United States Senator-elect of Oklahoma, addressed the trans-Mississippi congress this afternoon before one of the largest crowds that ever attended a meeting of that body. Gore spoke on questions of public interest, declaring himself in favor of the speedy construction of the Panama canal, advocating navigable inland waterways, abating Wall street for its alleged misuse of money from the West given to it in trust and endorsing and approving of the administration of President Walsh.

WISE TALKS BY THE OFFICE BOY

I guess for a kid of my age I've seen nearly as much as anybody else who has never been away from home. When I get old enough, I am going to join a military company, so that I can get a chance to get out of town and go somewhere without paying my own way. I bet the boys have lots of fun fighting those sham battles. A sham battle is about the only sham thing that's better than the real thing. If I couldn't have a real diamond, I wouldn't have any. If I couldn't have a real friend, I'd rather spend my spare time teaching my yaller dog new tricks. If I couldn't get any but sham clothes, I'd rather wear real good overalls. That's me. I'm glad I'm working for a house that don't sell any sham clothing. Some stores sell stuff that looks all right when you get it, but after two or three days wear it looks like that last rose of summer. Take our suits and overcoats, anywhere from \$10 to \$37.50, and you can just bet they'll hold their shape and color as long as the goods hold together. You know, we guarantee everything we offer you and we'd be only shamming ourselves if we'd try and run a sham on you.

TO ASK CONGRESS FOR MORE MONEY

Small Appropriation Needed for Drainage Experiments.

Work on Baker and Dore Ranches to Be Completed During Coming Year.

In order to obtain an appropriation for the continuation of the experiments in land drainage being carried on under the department of agriculture at the ranches of Lucius Baker and John S. Dore, the members of Congress last evening passed a resolution to ask the California delegation in Congress to try and secure financial assistance from Congress.

Following is the text of the resolution: "Since it is virtually essential to the farmers and vineyardists of Fresno county that means be provided to overcome the damaging effects to soils and crops by the rising of ground water; and since experiments for the purpose of solving this drainage problem have been in progress near Fresno during the past year being conducted by the irrigation and branch of the office of experiment stations, United States department of agriculture, and since after a considerable expense this experimental work has attained the stage where crops and practical demonstrations of the success of the drainage systems can be made during the next growing season, and as such crops will be the evidence by which the farmers will judge the work, and since funds for this work have been provided for the state to be used in co-operation with the national government, therefore,

"We, the Fresno County Chamber of Commerce, pledge our efforts to impress upon our Congressional representatives the need for a small appropriation from the government for the completion of this work during the coming year.

President John A. New will today name the committee to go to Redley and make arrangement for the entertainment there of the members of the counties committee of the California Promotion Committee, who will hold their annual convention here during the second week of December.

IT TAKES NOT MUCH TO EXCITE A CROWD

A Crying Child Might Have Started a Run on a San Francisco Bank

Mrs. A. L. Sayre, wife of the Madera raisin grower and packer, tells the story of a little adventure in San Francisco showing in these days of financial unrest how easily it is to arouse people and how an innocent incident may be taken up by excited ones to start, say as this instance, a run on a bank with perhaps disastrous effect on the latter.

Mrs. Sayre was a few days ago on Van Ness avenue, and being of a sympathetic nature her attention was attracted to a child, which having lost its parents in the crowd, was in great distress and crying as if its little heart would break. She took up the child to soothe and pacify it and sat it down on nearby steps without noticing the character of the building at which she halted.

A crowd collected, attracted by the cries and wails of the child. The longer the crowd tarried, the larger it grew. Every newcomer asked what the trouble was and then someone in the crowd started the report that there was a run on the bank in the building. Then it was for the first time that Mrs. Sayre took note of her surroundings and found that she and the child and the crowd were on the steps of the Metropolitan Loan and Trust Company.

The rumor of a run on the bank spread with such alarming rapidity and gathered such a crowd that for fear that a run might be started the bank officials actually did close their doors until the crowd returning to its normal senses dispersed as rapidly as it had assembled.

SPENCER IS WORRIED OVER THE SCARIFIER

Street Superintendent Spencer's Riverside scarifier is not yet in commission, because the machine is at the works having its teeth overhauled and sharpened. The oiled surface is and sharpened. The oiled surface has been swept and cleaned of the surface dust and gatherings in preparation for the machine's operation on the oiled crust. Spencer has been informed that when in operation the teeth of the machine become so heated with friction that once set, they will not work more than one day. Now Spencer is looking for extra sets of teeth so that once in commission the machine may be kept in continuous operation with relays of teeth.

SERGEANT WALTON NEXT COUNTY DETECTIVE

District Attorney Church announced yesterday that the position of office detective has been filled and thirty-nine (more or less) other good and true citizens of the county will consequently be disappointed and nurse up a grudge against fortune. The position was offered to and accepted by Police Sergeant Charles T. Walton, who when recently reinstated after suspension by the mayor for two weeks announced that he would resign very soon. The resignation will be forthcoming on the 1st prox. The court house job carries a salary of \$100 and traveling expenses when on duty.

HUMF-RNNETT CO. REDUCES WORK HOURS

SANGER, Nov. 21.—The Humf-Bennett Lumber company has changed its working schedule from a ten hour to a nine hour basis. Most of the other mills are said to be cutting wages.

Superintendent Burkhalter of the Southern Pacific has sent instructions to the section boss, Sanger, to cut the wages of the men.

Wood is piling up all along the railroad track in Sanger on account of the scarcity of cars.

Attention Atlanta Post, No. 52, G. A. R. The camp will be held Saturday, November 30th, instead of Saturday, the 23rd, as was arranged at our last meeting. All old soldiers and their families are cordially invited. Being well filled baskets and come early. We will have dinner at noon. Comrades all be sure to come and let us touch elbows again as we did from '61 to '65. The press are cordially invited to lunch with us.

Events In Society

The home of Mr. and Mrs. William McIndoo, corner K and Calaveras streets, was the setting last night for the wedding of their attractive eldest daughter, Miss Edith Anne McIndoo and Gustav A. Manheim. Although the marriage was marked by the simplicity and conservatism so characteristic of the bride, yet the wedding appointments were in the most charming taste and about seventy guests were included in the guest list. The McIndoo have recently taken Mrs. T. J. Hays' K street home and the large well arranged rooms made it an ideal place for a home wedding. A particularly artistic color scheme of yellow and white was employed in the decorations of the hall and big living room where the wedding guests assembled to witness the ceremony. The bride party stood beneath a canopy of green in the square reception hall directly adjoining the entrance hall. From the center of the canopy depended a beautiful floral ball of yellow chrysanthemums, the inside being composed of white blossoms, their whiteness enhanced by the tiny electric light which formed the clapper. Throughout the hall and living room were banks of palms and graceful potted plants to form a background for the showy yellow blossoms which filled every nook and corner in artistic profusion. Just before the hour appointed for the ceremony, a light fell upon the company as the strains of the beautiful wedding hymn "O Perfect Love" sounded through the room. Mrs. Dan Pardee Higgs was the singer and sang this lovely hymn with exquisite feeling putting everyone in proper mood for the solemnity of the ceremony which followed immediately. The strains of the hymn modulating under G. H. Normington's musical touch into the lovely harmonies of the Lohengrin bridal chorus.

From the back of the living room down the stairs the bride and her maid of honor came meeting the groom with his best man and the minister beneath the bride's canopy. Miss Clara McIndoo came first as maid of honor. She looked extremely well in a gown of silk net over white tulle made in beautiful coming Empire fashion with decollete bodice. Her flowers were pink roses. Then came the bride, a beautiful picture in her soft wedding gown of white chiffon cloth over satin and decorated with rare old Duchesse and Valenciennes lace. The long train fell from an Empire effect in the back, adding grace to the sweeping lines upon which the gown was fashioned. Her slender figure was enveloped in the folds of a long tulle veil caught with orange blossoms to the crown of her head and falling in soft lines to the hem of her gown. A lovely cluster of bride's roses completed this charming bridal array which never became a bride more beautifully than its fair wearer whose perfect blonde coloring, blue eyes and golden hair gives one the picture of an ideal bride. Reverend Harcourt W. Peck, of Los Angeles, former pastor of the First Methodist Episcopal church, was the officiating clergyman. The groom was attended by his brother E. E. Manheim. Following the impressive service, the newly wedded pair were showered with best wishes and congratulations. The groom is indeed deemed a lucky fellow for Miss McIndoo is not only a girl of much personal attractiveness, but devotes herself to more serious pursuits than the average society girl. She was educated in a Canadian college of arts and here received her musical education. She is a most accomplished pianist and organist and is active in the Fresno Musical club of which she is secretary. Her unassuming manners and quiet dignity distinguish her as a girl of more than ordinary character and her friends are all most staunch and loyal. Mr. Manheim, while not long a resident of Fresno, has gained many friends both in business and social circles during his residence here. He belongs to a well known San Francisco family and is connected with the Kutner-Goldstein firm of this city. His energy and ability in business mark him as one of the rising young business men of the city. The young people received some rarely beautiful gifts of silver, cut

glass, pottery, linen and china. These gifts were arranged in the den where the guests spent much time in admiring them. Later supper was served at small tables through the rooms, the bride's table being laid in the dining room. Here the prevailing tones were pink. A huge basket filled with exquisite pink roses and ferns occupied the center of the bride's table while on the smaller tables were smaller rose baskets. Quantities of feathery fern and ammix completed the pretty effect. Shortly after supper the bride stole away to change her wedding gown for a most becoming travelling costume of navy blue broadcloth with a tailored hat to match. A late train bore Mr. and Mrs. Manheim north, where a brief honeymoon will be spent about the bay. When they return they will establish themselves in a pretty cottage on north I street, which will be made ready for their occupancy. Among the out of town guests who came for the wedding were Mr. and Mrs. Fred Graham of San Francisco, an aunt and uncle of the bride, Mrs. J. H. Merrill of Los Angeles, Mr. and Mrs. Paul Manheim and Henry Manheim of San Francisco. During the evening D. P. Diggs and Ivan McIndoo, the bride's brother, sang numbers appropriate to the sentiment of the occasion.

The Friday Afternoon Card club will meet this week with Mrs. T. W. Patterson on its usual afternoon.

Miss Eugenia Miller leaves tonight for San Francisco to be gone two or three days.

Mrs. DeWitt Gray who has been confined to the house for the past week with a gripe, is convalescing and will soon be able to take her place in society, where her absence is always noted.

Mrs. George Helm was hostess yesterday at quite an informal afternoon gathering at which Mrs. Jaynes, a new comer from San Francisco, and Mrs. Will Colson divided honors. It was a very merry little gathering of congenial friends and since several of the guests were gifted musically there was a delightful supply of impromptu musical numbers. Mrs. Jaynes is extremely gifted, being the possessor of a contralto voice of rare sympathy and

sweetness and also a pianist, accompanying herself very charmingly. She also accompanied Mrs. Montgomery Thomas, who sang a number of lovely songs which afforded her friends the pleasure which always accompanies her singing. Sociality continued about the dining table from which the hostess dispensed all manner of good things. Those who shared in the pleasure of Mrs. Helm's hospitality were Mrs. Colson, Mrs. Jaynes, Mrs. A. E. Snow, Mrs. W. D. Crichton, Mrs. Charles Higgs, Mrs. Calvin S. Hill, Mrs. Dickey, Mrs. Thomas, Mrs. Walrond, Mrs. George Edmunds, Mrs. A. O. Warner, Mrs. Lawrence Mainpin, Miss Hazel Alanson and Miss Maude Helm.

Mrs. Frank Short leave the latter part of the week for a short visit to her mother in Los Angeles.

Miss Elizabeth Kennedy is spending a few days on the Kennedy ranch near Reedley.

At a very pretty home wedding in Temperance colony last night Miss Mary James Stutzman, daughter of Mrs. Mary Stutzman, became the wife of Charles W. Pilkenton of Tulare. The marriage was solemnized at the home of the bride's mother, the Rev. Thomas Boyd of the First Presbyterian church officiating. Beautiful decorations of green and white were artistically disposed throughout the house. Graceful pepper boughs were used in profusion for a background for the delicate whiteness of the snowy chrysanthemums and other white blossoms used with charming effect. In one corner of the parlor a bower of greenery had been arranged with white blossoms mingled with the green. Here the bride party took their places as they entered the room to the strains of the wedding march played by Miss Mattie McNah. The bride wore a very dainty gown of white silk tissue trimmed with old English lace of beautiful pattern. She carried an armful of white chrysanthemums. Her niece, Miss Ethel Stutzman, acted as maid of honor. She was beautifully gowned in pink silk tissue and carried pink chrysanthemums. Fred Pilkenton attended the bride's brother as best man and the bride's brother, David Stutzman, gave her into the keeping of the groom. About thirty of the nearest friends and relatives of the bride party were present to offer congratulations to the fortunate groom and best wishes to his charming bride, who has a great many friends both in the colony and elsewhere who wish her much joy. She is a very interesting young woman with gracious manners and attractive personality and makes friends wherever she goes. The groom is not so well known here as his bride, but in Solano and Tulare, where he has been engaged in business, he enjoys quite as wide a popularity. As the bride and is a successful young business man. Friends and relatives from Philadelphia, San Francisco, Tulare and Hanford were among the wedding guests. Some very dainty wedding gifts were bestowed upon the young couple as tokens of esteem from their friends. Following the ceremony a wedding supper was served in the dining room, which was beautifully decorated in pink and white. The bride's table, at which ten were seated, retained the wedding colors, green and white, but the table at which the guests sat was in pink. Mr. and Mrs. Pilkenton have gone to San Francisco to spend a short honeymoon, and upon their return will proceed to Tulare, where they will make their home.

The Wednesday club met yesterday with Mrs. E. S. Hockett for an unusually enjoyable afternoon with Shelley and Keats. It was really a "Shelley Day," although Keats came in for a share of notice in a most entertaining paper presented by Mrs. E. D. Edwards, who gave a most interesting account of the lives of these two men and their work. Mrs. Eva Millward Wilson read the Browning poem in which Shelley is eulogized, and Miss Julia Sayre gave a most comprehensive analysis of Shelley's "Adonais," comparing it with two other eulogies, Milton's "Lycidas" and Tennyson's "In Memoriam." Mrs. Walter assisted her in the reading of the poem. The day was a most delightful one in many ways. A Thanksgiving holiday will prevail next week when the club is adjourned until December 4th when it meets with Miss Allen to hear Mrs. Miller give "Prometheus Unbound."

Mrs. Wing of San Francisco is here on a visit to Mr. and Mrs. Charles Miller. Mrs. Wing is an aunt of her host and on a previous visit made a number of warm friends, who will be glad to give her a cordial welcome.

Two Foreclosure Suits Commenced Yesterday

Appeal Taken in the Harrold Salary Mandamus Case and Transcript Filed.

Martin Wade has sued J. H. and Mary J. Gribble of San Joaquin to recover on a note for \$1,400 dated May 14, 1904, payable January 1, 1905, and on which default has been suffered in interest payments. As security they mortgaged to him 39 of the Malaga tract. Mrs. Gribble has since died and no administration has been made on the estate, while the mortgaged land runs in the name of her husband. Suit is to recover what is due on the note, with foreclosure of the mortgage and the further sum of \$100 as attorney's fee and costs of suit.

Attorneys Everts & Ewing gave notice of appeal yesterday and filed the transcript in the case of Deputy Surveyor Thomas Harrold, whose demand for increased salary under the latest amendments of the county government act was denied, and in which Judge Church laid down the dictum that "the deputy is only the shadow of his principal."

Jonathan Elwood has sued V. and Q. E. Keshishian and others to recover on a promissory note of \$2,164 of May 16, 1906, drawing 10 per cent interest and to foreclose on 45 1/2 acres in the southeast quarter of section 12-14-19.

Mineral has been entered of the suit of Minnie A. Peterson against Thomas Peterson, an action for divorce, and to enjoin the defendant from encumbering, clouding or alienating property of the couple; also for custody of the children.

At Jno. A. Neu's Sacrifice Closing Out Sale of Pianos, Player Pianos, Etc.

Thursday (today), Friday and Saturday, we will take Fresno Clearing House Certificates, allowing 10 per cent premium on every dollar paid us on purchases (made on above days), and sell you a piano at less than dealers or agents pay. Pay all cash if you like, or part cash and balance on time payments, but remember the more you pay in Clearing House Certificates the more premium your money earns—ten cents on every dollar. Keep your gold, but bring your Clearing House Certificates here. Do it today or this week, as this offer holds good only until close of our store Saturday evening at 10 o'clock.

There will no doubt be two or three hundred Pianos and Player Pianos bought in and around Fresno during the next couple of months. Some of the purchasers may regret before the year is out that they did not attend this closing out sale, because here they not only secure standard, well known, reliable makes, but receive an iron-clad, unconditional guarantee with each instrument, backed by a firm that insures you absolute protection. Take the guarantee we furnish to any bank in the city and they will tell you it is gilt edged. Here you get absolute protection; easy payments if you like, without being bothered with collectors; the best pianos of reliable makes, at a less price than dealers pay, during this closing out sale, and ten per cent premium on your Clearing House Certificates. Checks on any bank in Fresno county will be accepted at par. We will beyond a doubt close out from 15 to 20 instruments a day during the next three days, on this the most liberal piano proposition ever made. The man or woman who appreciates a saving will be here. So do not delay. Sixty pianos and player pianos go on special closing out sale today. Will you be one of the fortunate buyers? Today you can buy:

A \$750 Grand Piano for \$518, or \$51.80 off if paid in Clearing House Certificates.

A \$250 Upright Piano for \$98, or \$9.80 off, if paid in Clearing House Certificates.

A \$650 Player Piano for \$485, or \$48.50 off, if paid in Clearing House Certificates.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

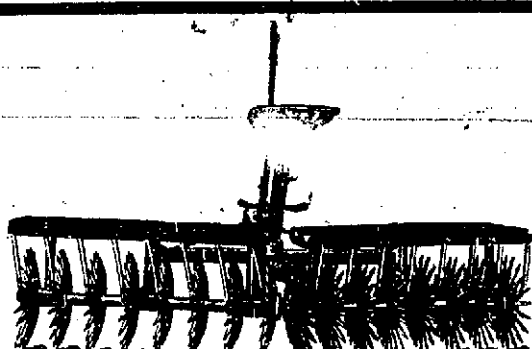

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtlessly it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

BLACK LEG

IN CATTLE CAN BE PREVENTED
CUTLER'S BLACK LEG VACCINE
Cattle, horses, dogs, cats, and other animals are susceptible to the disease known as black leg. It is a very dangerous and often fatal disease. It is caused by a bacteria which enters the animal's system through a wound or a cut. The bacteria then multiply and cause the animal to suffer from a severe inflammation of the muscles and joints. The animal may die within a few days. Cutler's Black Leg Vaccine is a powerful and effective remedy for this disease. It is made from the most pure and reliable materials and is guaranteed to give complete protection. It is easy to use and can be given to any animal at any time. It is the only vaccine of its kind on the market.

TO INVESTIGATE MINE LOCATED IN ARIZONA

Modesto Purchasers of Stock Fear Property Is Fraud.

Root Ranch at Empire to Be Subdivided and Irrigated for Small Farms.

MODESTO, Nov. 20.—In order to investigate the development of the mine which has been done on the "Billy H." mine in Arizona, the local people who purchased stock in the mine from Promoter E. H. Kline, will send two representatives to look the property over. More than \$14,000 worth of stock has been sold in this county, and now Kline admits that the stock was not treasury stock, to be devoted to the development of the property, but promotion stock, and that the money went to the promoters. Kline admits that only \$2,000 worth of treasury stock has been sold and says that if he is given time he will carry on the work of development. The local stockholders are: Charles Clary, George Cressley, Gilbert Baker, John Clark, Will Cox, H. Vogelman and Andy Steinfater. The stockholders will pay the expenses of one of the men who will make the trip to Arizona. The Root ranch at Empire, consisting of 1,400 acres of grain land, is to be subdivided and put on the market in small tracts and the owners plan to make a town site at Empire, which is the nearest Santa Fe station to Modesto. The ranch is on the Waterford road, four miles from Modesto. District Superintendent W. P. Andrews of the California Anti-Saloon League, in town yesterday. He was formerly pastor of the South Methodist Church in this city. Bert Dingley and A. J. Clippert of Turlock came from San Francisco yesterday in a new car recently purchased by Clippert. Mrs. J. P. Holland of San Francisco, a niece of J. W. Hawkins, is visiting in Fresno. Dr. W. C. Grove went to Stockton yesterday.

FATAL INJURIES IN BOILER EXPLOSION

NORFOLK, Va., Nov. 20.—Five men were killed, one fatally injured and a number seriously injured by the explosion of a boiler in a planing mill at the John L. Roper lumber mills, at Gilmerton, Norfolk county, today.

Autoist Fractures Skull.

SAN DIEGO, Nov. 20.—Word just received from Ensenada tells of a peculiar accident which happened near that town last Wednesday. In which Fred Burns, son of a well known Canadian meat packer, was thrown from an automobile with two companions. Burns was on his way to the mines. About ten miles from Ensenada, Burns was thrown out, landing on his head. He sustained a fractured skull and though still alive, is not expected to recover.

CHARCOAL STOPS GAS ON YOUR STOMACH

Wonderful Absorbing Power of Charcoal When Taken in the Form of Stuart's Charcoal Lozenges.

Trial Package Sent Free.

Charcoal, pure, simple charcoal, absorbs 100 times its own volume of gas. Where does the gas go to? It is just absorbed by the charcoal—the gas disappears and there is left a pure, fresh, sweet atmosphere, free from all impurities and germs.

That's what happens in your stomach when you take one or two of Stuart's Charcoal Lozenges, the most powerful purifiers science has yet discovered.

You belch gas in company, sometimes, by accident, greatly to your own humiliation. That is because there is a great amount of gas being formed in your stomach by fermenting food. Your stomach is not digesting your food properly. Gas is inevitable. Whenever this happens, just take one or two of Stuart's Charcoal Lozenges right after eating, and you will be surprised how quickly they will act. No more belchings; no more sour risings. Eat all you want and what you want, and then if there is any gas going to be formed, one of these wonderful little absorbers, a Stuart's Charcoal Lozenge, will take care of all the gas.

And it will do more than that. Every particle of impurity in your stomach and intestines is going to be carried away by the charcoal. No one seems to know why it does this, but it does. An acid does it wonderfully. You notice the difference in your appetite, general good feeling, and in the purity of your blood, right away.

You'll have no more "bad taste" in your mouth or bad breath, either from drinking, eating or smoking. Other people will notice your bad breath quicker than you will yourself. Make your breath pure, fresh and sweet, so when you talk to others you won't disgust them. Just one or two Stuart's Charcoal Lozenges will make your breath sweet, and make you feel better all over for it. You can eat all the onions and odorous foods you want, and no one can tell the difference.

Besides, charcoal is the best laxative known. You can take a whole boxful and no harm will result. It is a wonderfully easy regulator.

And then, too, it filters your blood—every particle of poison or impurity in your blood is destroyed, and you begin to notice the difference in your face first thing—your clear complexion.

Stuart's Charcoal Lozenges are made from pure, willow charcoal, and just a little honey is put in to make them palatable, but not too sweet.

They will work wonders in your stomach, and make you feel fine and fresh. Your blood and breath will be purified.

We want to prove all this to you, so just send for a free sample today. Then after you get it and use it, you will like them so well that you will go to your druggist and get a box of these Stuart's Charcoal Lozenges.

Send us your name and address today and we will at once send you by mail a sample package free. Address: F. A. Stuart Co., 209 Stuart Bldg., Marshall, Mich.

HANFORD COMMITTEE WILL GATHER DATA

To Be Used In Advertising Baby Kings.

Promotion Committee Takes Active Steps to Keep County In Foreground.

HANFORD, Cal., Nov. 20.—A well attended meeting of the Kings County Promotion Association was held last evening in the Armory building. Several matters of public interest were discussed and in some instances decided. G. Griffin's proposition to furnish a practice room and instruct a band for eight months at \$75 a month was accepted.

Another important matter was the appointment of a committee of 15 members, entitled a Committee on Literature. The members have been assigned, in groups of three, to various departments relative to the products and resources of Kings county, and it will be their duty to compile data, which will later be put into pamphlet form and used as advertising matter for Kings county.

The infant son of Mr. and Mrs. J. S. Beck, formerly of Hanford, died today at the home of his parents in Tulare.

Lloyd H. Brown and Miss Mattie Trigg, both of this city, will be united in marriage tomorrow afternoon at the home of the latter's parents in East Sixth street. The pull barriers were L. W. Sweeney, J. C. Rice, J. J. Costner, M. P. Trotter, A. E. Hicks and Ray Campbell.

A free excursion will be run from Hanford to Stockton, on the Kings River Saturday, leaving this city at 11 a. m. Lunch will be served to the guests, and it is expected that a large number will avail themselves of this opportunity to inspect this newly developed tract.

Charles Elkington, formerly of Hanford, and Miss Jennie Stutzman were united in marriage today at the home of the bride's parents, near Fresno.

LICK-ASTRONOMERS TO STUDY ECLIPSE

Expedition to Be Carried to South Sea Island In American War Vessel.

SAN FRANCISCO, Nov. 20.—The eclipse expedition from the Lick Observatory, University of California, left Mount Hamilton last Monday for San Francisco. It will sail on the coming Friday on the Oceanic steamship company's steamer Mariposa, for the island of Tahiti, whence they will be conveyed by the United States war ship Annapolis, in command of Governor C. E. T. Moore, United States war ship Tule, Samson Island, to Fanning Island, 400 miles northwest of Tahiti. The party expects to arrive at the island on December 5th.

The purpose of the expedition is to observe an eclipse of the sun that will occur at 11:15 local mean time, of January 3rd, and to study certain phenomena of the sun's atmosphere, of the solar corona, and of the region surrounding the sun, which cannot, by present known means, be investigated except during times of total eclipse.

The shadow cast by the moon as it passes between the earth and the sun will be about 100 miles in width. Flint Island is eight miles south of the central line of the shadow band, but forty miles within its Southern border. The eclipsed sun will be about 15 degrees from the zenith and the duration of the totality will slightly exceed four minutes.

Director and Mrs. Campbell and Astronomers Perrine, Altken and Albright are the members of the expedition from Mount Hamilton. Upon invitation of Director Campbell, Professor Henry J. Cowell, of the department of physics, University of California, will be a member of the expedition. A party organized by the Smithsonian Institution of Washington, D. C., in charge of Director C. G. Abbot, assisted by Alexander Moore, will accompany the Lick Observatory expedition. Professor Benjamin Boss, in charge of the United States Observatory at the naval station of Papeete, has been detailed by the Navy Department at Washington to join the expedition.

The American Consul at Tahiti, Astronomer Merrill, from the Sydney Observatory, and one or two observers are expected to take part in the observations. The equipment of the expedition will be complete. The party is expected to arrive back in San Francisco about January 25th.

MISS SHONTS TO MARRY THE DUC DE CHAILNES

Opposition of Father Finally Ends and the Engagement Is Announced.

NEW YORK, Nov. 20.—The engagement of Miss Theodore Shonts, daughter of Mr. and Mrs. Theodore Shonts, to the Duc de Chailnes announced in several newspapers, apparently on authority, has long been expected. It has been prematurely announced on several occasions, but in each instance was denied by members of the family, but with special emphasis by Mr. Shonts when he was chairman of the Panama Canal Commission. He said he wanted his daughter to marry an American and it was stated that for a long time he strenuously opposed the union to which he was now agreed.

Miss Shonts, who was eighteen years old in March, met the duke in London about a year ago. Since then he has assiduously courted her, having made several trips to this country for the purpose. The duke is thirty years old. He has a house in Paris and a hereditary estate in one of the French provinces. Unquestionably his family is one of the noblest not only in France but in all Europe. It was originally a patrician family in Italy, but settled in France and is also one of the most ancient families in Spain.

SACRAMENTO, Cal., Nov. 20.—On request of the City Club of Los Angeles, Governor Gillett today appointed George R. Murdoch and John H. Reynolds to be directors of the Sixth Agricultural district.

VISALIA BREAKS RECORD FOR MARRIAGE LICENSES

Thirty-Two Issued In Twenty Days of This Month.

No Student Who Frequents Saloons Will Be Graduated from High School.

VISALIA, Nov. 20.—The marriage license record of the past few years was broken today when three licenses were issued, bringing the total up to thirty-two so far this month. The largest number previously issued was in June, 1906 when thirty were issued. If the present rate maintains during the remaining ten days the number will total forty-eight.

At the meeting of the board of education last night City Marshal W. F. DeVany was appointed trustee officer with authority to arrest any parent or guardian keeping children out of school, or any child found about the streets or other places during school hours.

A resolution was also passed, calling upon the board of city trustees to enact an ordinance prohibiting school children from frequenting billiard halls and the like during school hours and revoking the licenses of saloon proprietors for permitting such practices.

Other resolutions were adopted regarding the organization of literary clubs in the high school and making the same a requirement of graduation, also declining to graduate any student who is a frequenter of saloons or disreputable houses or who is addicted to the use of intoxicating liquors. A thesis upon some subject will be required to be submitted to the board by seniors in the high school during the last term of school before graduation.

Another billiard tournament has been arranged at the Visalia club to take place some time after Thanksgiving. A. H. Murray, Jr., is the captain of one team with J. H. Teru-Jem, R. A. Tuffey and C. F. Williams as team mates, with George A. Fleming captain of the other team, with L. Lawrence, Smith McBride and Sam Hulien as assistants.

A choral society has been organized by the Pipe Organ association of the First M. E. church with twenty-five members which number it is expected to double within the next few weeks.

Little LAURA Bowen, 5-year-old daughter of Mr. and Mrs. W. R. Bowen, is ill with diphtheria at the Bowen home at 121 North Cottonwood street and the house has been quarantined. This is the first case reported in this city in several years.

The funeral of the late J. E. Denny was held this afternoon at 2:15 o'clock from the home of his cousin, Mrs. Mattie Stevenson, North Cottonwood street, the ceremonies being under the auspices of Visalia Lodge of Free Masons, the beautiful rites of that order being employed. Members of Visalia commandery, Knights Templar, escorted the remains to the cemetery and the procession was a long one. The flowers were many and beautiful.

WHITE WOMAN DESERTS HER CHINESE HUSBAND

SANTA ROSA, Nov. 20.—The wedding of Mrs. Gertrude M. Hixson, a comely widow, to Tom Yun, a Healdsburg Celestial restaurant keeper, was one of the absorbing bits of gossip for Sonoma county people a few months ago. The match has been found uncongenial by the woman, and she has deserted her almost-eyed husband and left him to his lonely occupation of turning doppelgangers. He has declared in public print that he will no longer be responsible for her debts, but there is little probability that the woman will bother him with such trifles. The Chinese has also sworn to a warrant charging his wife with the theft of his gold watch, and the officers are searching for the woman.

During the summer months the Celestial and his bride came down from Healdsburg to this city, took the Southern Pacific train for Seattle, where, after considerable trouble with obstructive ministers, who refused to wed a white woman to a Chinese, they obtained the services of a Justice of the Peace.

EMIGRATION LIMITATION

Japan Is Coming to Realize the Need of Improving Relations With the American Countries

TOKYO, Nov. 20.—While there has been no further official action in connection with the emigration of Japanese to Canada and the United States, indications point to the conclusion that the government of Japan probably is ready to admit that the arguments presented by Ambassador O'Brien require immediate attention.

There is reason to expect that after the arrival of Baron Ishii, chief of the bureau of commerce of the foreign office, who was sent to America as a special commissioner to inquire into the matter, the Japanese government will undertake the self-imposed task of limiting emigration within the bounds desired by both the United States and Canada.

Canadian Minister of Labor Lemieux, who is here actively investigating the subject, has made no formal proposal, but it is understood that he has plainly indicated that a prompt curtailment of the number of emigrants is necessary if Japan is sincerely desirous of assisting her ally in order to avoid a serious complication with a British colony. An editorial in the Jiji, which is believed to be sometimes inspired by the Japanese foreign office, says that, presumably, Minister Lemieux comes to Japan asking for the limitation of emigration to Canada. The editorial continues: "We, naturally, are a peace-loving nation, and if the immigration of Japanese into Canada endangers the public peace, we will not hesitate to absolutely forbid emigration to that country. The Japanese government is trying to limit emigration according to law, and we hope that the Canadian government will generously assist us in reaching a solution of the problem."

"Race hatred is discreditable to Canada. We believed that Japanese immigration would tend to promote the welfare of Canada by developing its resources, but if the peace is disturbed it is better altogether to prevent our people from emigrating."

Count Okuma, the veteran statesman who is one of the main leaders of the opposition party and the greatest democrat in Japan, hitherto outspoken in opposition to the government's policy of partial restriction of emigration, was interviewed by a representative of the Associated Press, said that the Japanese government probably should assist America at a time when prejudice, as well as political and economic conditions render the emigration of Japanese to that country inexpedient.

He said he recognized the fact that there are times when justice and reason, which desire to attain the highest ideals of civilization, are unable to control popular passion. Therefore, it became the part of Japan, as a friendly and peace-loving nation, to co-operate in every way with the president and statesmen of America to avoid difficulties. "From the highest standpoint of civilization," said Count Okuma, "it is unreasonable for one country to close its doors to people who desire to learn from America, as we have learned for the last fifty years, but we have no doubt that passion, race prejudice, internal politics and economic problems are all playing a part in the present agitation."

It is like President Roosevelt, possibly, is wise to advocate the further restriction of immigration during the present depressed condition of America, but Japan will feel keenly the discrimination if congress should bar the doors to the East, while opening them to thousands of Europeans every week. I believe, however, that the friendship between Japan and America is based on a foundation so firm that it cannot be undermined by the immigration problem, while the statements of both countries remain reasonable."

Count Okuma added that the American fleet would be welcomed heartily by Japan, because its visit would tend to bring the people of these nations closer together. He desired the Associated Press to say that the people of Japan had never accepted the possibility of war between the two countries and asserted again his conviction, that, eventually, the sense of justice to the American people would permit the unresigned immigration of the class of Japanese who went to America to profit by the advanced teaching procurable there.

The Peace, who was not so particular regarding the personages whom he married to one another, returning to Healdsburg, the Chinese fitted up a cottage handsomely for his wife.

RHEUMATISM
BLOOD FILLED WITH URIC ACID

Rheumatism comes from an excess of uric acid in the blood. This acid circulating through the system acts as an irritant to the different muscles, nerves, bones and tissues of the body, and produces the inflammation and swelling of the joints and the sharp, cutting pains characteristic of the disease. When the blood is overburdened with uric acid it continually grows weaker and more acid, and poorer in nourishing qualities. Then Rheumatism becomes chronic, and not only a painful, but a formidable and dangerous disease. Sometimes the heart is attacked, the general health is affected, and the oils and fluids which lubricate the muscles and joints are destroyed by the acid matter which the blood is constantly depositing in them; the muscles shrink and lose their elasticity, the coating of the joints becomes hard and thick, and often the sufferer is left a hopeless cripple. S. S. S. attacks the disease at its head, goes down into the circulation, and by neutralizing and removing the uric acid from the circulation and building up the thin, acid blood, cures Rheumatism permanently. S. S. S. changes the sour, acid-burdened blood to a rich, healthy stream, which quiets the excited nerves, eases the throbbing, painful muscles and joints, and filters out of the system the irritating matter which is causing the pain and inflammation. Begin the use of S. S. S. now and get the cause out of your blood so that the cold and dampness of Winter will not keep you in constant pain and misery.
